Happy New Year! We finally made it through 2021 — which, in its wind-up, ended up looking a little too much like 2020, too. No, not 2022 (who's on first?) — That's just starting, and we are hoping that things will be improving as we go, and return things more towards normality. To promote that, as we normally do, we will be bringing you a varied selection of films, ranging from belligerent beasts of various sizes, to a little science fiction, and on to a classic horror icon! Here's the schedule to kick off another year of Sven fun and fright!

MeTV	
8pmET 7pmCT	
JAN 01	Beast from 20,000 Fathoms <i>A Harryhausen prehistoric fright!</i>
JAN 08	Frogs <i>Sam Elliot and Ray Milland vs nature!</i>
JAN 15	Tarantula <i>ANOTHER big spider!</i>
JAN 22	Earth Vs. the Flying Saucers <i>More Harryhausen!</i>
JAN 29	Haunted Strangler <i>The great Karloff!</i>
