It's the shortest month of the year — but thanks to it being Leap Year, we'll have FIVE shows this month! Along the way, we'll observe Presidents' Day and Valentine's Day, but we'll start out on the eve of the day when a groundhog might

see its shadow — with a jittery hero who is afraid of his own shadow! Take a look at what we have for you in February!

Space Force

President Donald Trump's official unveiling of the US military's Space Force logo was mocked on Twitter Friday for resembling an emblem from a long-running science-fiction TV show.

"After consultation with our Great Military Leaders, designers, and others, I am pleased to present the new logo for the United States Space Force, the Sixth Branch of our Magnificent Military," Trump said in a tweet.
