MAY I be the first to bid you welcome to May — the month of mothers, the gateway to

summer, and, this year on MeTV, the Month of Mayberry — saluting the legendary town of The Andy Griffith Show and its residents. In honor of that, we begin this month's Sven movie schedule with an appropriate film — and follow it up with monster mayhem ranging from a famous oversized simian to an unseen terror we've been hoping to bring you for years! Take a look at what we're running around the May pole...
