TOS Facts

It makes you wonder if other Actor's/Actresses were offered

the roles of our favorite Star Trek Character's. Before William Shatner was offered and accepted the role of Captain Kirk, it was offered

to Jack Lord. And he declined the offer. Leonard Nimoy was offered the role of Mr. Spock after it offered to George Lindsey. He turned it down and on to play on The Andy Griffith Show.

DeForest Kelley was offered the role of Mr. Spock and declined. He went on to play Dr. McCoy. James Doohan had auditioned for the role Mr. Scott and he accepted the role. Doohan was quoted as saying "Scotty is Ninety-nine percent James Doohan & one percent accent. Nichelle Nichols auditioned for the Lt. Uhrua and she accepted the role. In the first season, she had tempted to quit the show & in a conversation with Dr. Martin Luther King Jr. changed her mind.

Roddenberry hoped that Koenig would increase the show's appeal to young people.
