McTV 8P   7C EVERY SATURDAY WHERE TO WATCH	
SVEN'S MOVIE SCHEDULE	
JULY 1	The Car
JULY 8	Ghoulies
JULY 15	Ghoulies II
JULY 22	The Uninvited
JULY 29	Haunted Strangler

Our movies for July are all over the road, as we begin with a road trip featuring a demonic automobile (I think I rented that one once) with James Brolin frantic to stop the supernatural sedan (okay, maybe it isn't a sedan — I just needed that for alliteration) in The Car. From there, we go to two weeks featuring the first two films from an '80s series — kicking off with the original Ghoulies, in which musician/actor Michael Des Barres (Murdoc on the original MacGyver series) summons some pesky little demons to bedevil some young people who have inherited his estate. The week after, it's the first sequel to that film — appropriately named Ghoulies II — in which a travelling carnival finds itself plagued by those same tiny terrors. Be watching during this show for a great guest appearance by a terrific performer channeling... yet another terrific performer!

After that, we move on to a favorite that we are bringing back, and restoring footage to, thanks to our now-expanded time slot: The Uninvited — a spine-chilling story featuring Ray Milland, well before he had x-ray eyes or was infested with frogs, who rents an 18th century house with supernatural tenants! We wind up this mid-summer month with The Haunted Strangler, in which the great Boris Karloff, as a social reformer and novelist, is out to prove the

innocence of a man executed as a murderer — only to discover that, not only is he correct — but that said killer is still around! So, this month has a wide variety of scary selections from the 1940s all the way to the 1980s for you to enjoy!
