We are rapidly approaching the finish line for 2021, as we begin the final month of the year! It has not been what we would consider a normal year, with the COVID virus still with us, having waxed and waned back and forth — though we have had some hopeful signs along the

way. It was encouraging to have had a slightly more normal Thanksgiving, with many families finally getting together again for the first time in a long time — let's hope that's a preview of the future!
